

ECONOMICS OF MULTI LAYER PAPER SACKS FOR BUMPERS AGAINST CARDBORAD BOXES

www.eceplast.it

Multi layers paper sacks provide a high degree of protection, allowing for a major reduction in packaging volumes; replace more costly cardboard boxes and the more polluting Pluribol.

Below an example of the potential savings in terms of volumes transported, money, and environmental impact, possible by adopting our sacks for your product.

	Paper sacks 2700x700 (mm)	Cardborad boxes 1900x600 x540 (mm)	Savings	Pcs. / Year	50.000	100.000	500.000	1.000.000
